REFECTORIO

O refectorio é o comedor do antigo Convento de San Francisco.

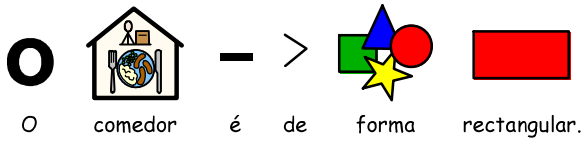

Outras salas do antigo convento son a cociña e o claustro.

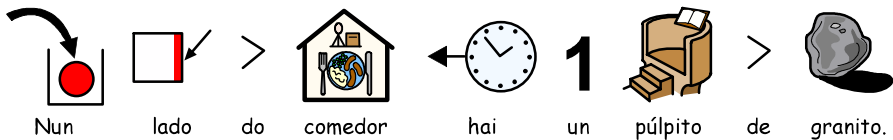

A lenda conta que San Francisco fundou o Convento hai novecentos anos.

O comedor ten trescentos anos.

O comedor é de forma rectangular.

Nun lado do comedor hai un púlpito de granito.

O púlpito usábano os frades franciscanos para ler textos relixiosos mentres

comían.
